Sports Picnic Success!

BRIDGE members gathered at Vilas Park for a day of calorie consuming and calorie burning. The most popular items on the menu were chips and cookies, which provided good sporting fuel. Some serious skill was revealed on the soccer field while new talent was developed with the football and frisbee. As you can see from the photos above, this event was seriously fun. Teams came together for an epic tug-of-war match that really tugged at their competitive nature. You can’t beat a day of bonding out on the open green, covered in sweat, and running like crazy! I’m sure everyone slept like rocks after our day of fun in the sun. - Sara Duesterhoeft (BRIDGE Student Assistant)

My Madison Life with Water and Bikes

I really love what I can do here, which are what I couldn’t in back at my home country. I’m into springboard diving these days, and it is awesome. I like the thrill when I get ready to jump into the water, and I’m so sorry that springboards are not available near my hometown. I also love riding a bike/sure most of people here do), and especially riding in the night is amazing. The moon and the stars are fantastic, and the breeze is so lovely. Good for the people of Madison that is is such a bicycle-friendly
