Final Banquet

The BRIDGE Fall 2013 banquet was held at La Hacienda restaurant. Around 120 participants attended the banquet, and several rewards were distributed to recognize active members. The banquet was in a casual atmosphere as people were chatting with friends and enjoying the delicious Mexican food. A short video that recaps activities of the semester was played as well. Thank you everyone for making this wonderful experience happen! I hope that you have enjoyed your time with BRIDGE and met great people through the program!

Goodbye from Jessica and Sabrine

We all come from different parts of the world, we didn’t even know about each other six months ago. But now we are best friends. We laughed together and we have grown so much during the semester. For some of you, it’s your only semester at Madison, it’s hard for me to say goodbye but I believe we will meet again some time in the future, so I wish you the best of luck with your endeavors! Some of you are staying in Madison for another couple of semesters, and I will to see you around on campus!

-Jessica and Sabrine

Around the World With BRIDGE

Name: Myriah Myrdlicka  
Year: Senior  
Major: International Business  
Hometown: Evansville, Wisconsin

My name is Myriah and I grew up in Evansville, Wisconsin. It is a small town half an hour south of Madison, known for once being called the Grove because of the many trees it has. Growing up in a small agricultural town meant a lot of time spent in the city park enjoying Lake Leota, biking the town with friends and swimming in the local pool. The most noted part of Evansville is the historic district, which the Wisconsin Historical Society called “the finest collection of 1940s to 1915 architecture of any small town in Wisconsin.”
